Treatment to prevention

Pan-Canadian (coast to coast)
Rural and urban
Provincial funding
Local funding

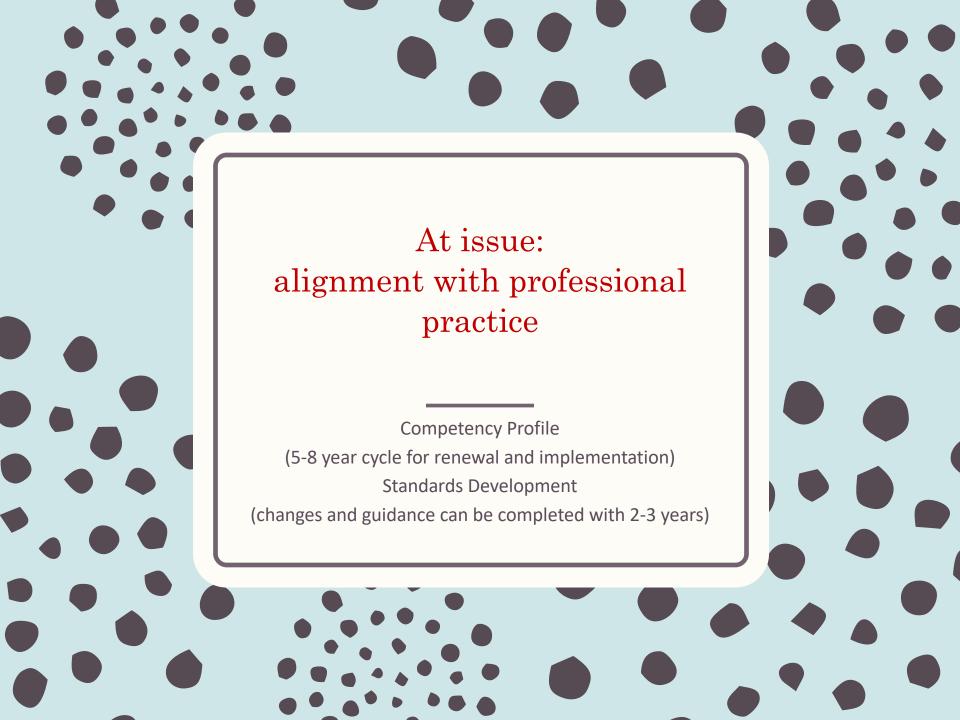

National Occupational Competency Profile

2001

2011

+ Public Health

+ Public Safety

Paramedic Chiefs of Canada White Paper (2006)

National Research Agenda (2012)

National Gap Analysis (2013)

Paramedic Standards Development Framework (2014)

Paramedic Community of Practice: Priorities List (2013, 2014, 2015)

CSSP Call for Proposal (~\$20M annually)

Paramedic Association of Canada (Lead)

Partners (Paramedic Chiefs of Canada, Regulators, Operators,

Educators, Home Care)

Standards Council of Canada development process:

Steering Committee, Technical Committee, Public consultation,

Balloting

Principled Approach

- i. Patient centred
- ii. Triple Aim (Population health, Experience of care, Per capital cost)
- iii. PEPPA model (Participatory, Evidence based, Patient focused, Process, for Advanced paramedics)

Next Steps

- Promotion
- Implementation
- Evaluation
